CLARIFICATION WITH REGARDS TO INFORMATION PUBLISHED IN THE PRESS

Following the publication in the press since March 5, 2025 of rumors that FIGEAC AÉRO is close to being taken over by an Indian group, the Group reiterates and informs the market of the following facts:

- As a general rule, FIGEAC AÉRO is attentive to projects and opportunities which may arise, and which may help foster growth and perpetuate a stable long-term shareholder base. In this respect, its founding Chairman and main shareholder, Jean-Claude Maillard, aged 68, may be approached by potential buyers of a controlling interest, whether in Europe, North America or Asia;
- In this context, and in view of the Group's requirement for ongoing information, FIGEAC AÉRO has become aware of preliminary discussions with a potential acquirer, without such discussions leading at this stage to an agreement required to be made public, and without it being possible to assume that these discussions may lead to an agreement of such nature;
- Where appropriate, the Groupe will inform the market of any precise information, in relation to disclosure requirements.
