LAUNCH OF AN OFFERING OF NET SHARE SETTLED BONDS CONVERTIBLE INTO NEW SHARES AND/OR EXCHANGEABLE FOR EXISTING SHARES (ORNANES) DUE 18 OCTOBER 2022 IN A NOMINAL AMOUNT OF APPROXIMATELY €100 MILLION

FIGEAC AÉRO (the "Company") is launching today an offering by way of private placement of ORNANES due 18 October 2022 (the "Bonds") for a nominal amount of approximately €100 million. The Bonds will be placed to qualified institutional investors only.

The net proceeds of the issuance of the Bonds would allow the Company to continue both its organic and external growth strategy and to diversify its financing sources.

The nominal value per Bond will represent an issue premium of between 30% and 35% over the Company's reference share price¹ on the regulated market of Euronext in Paris ("Euronext Paris").

The Bonds will bear interest at an annual nominal rate of between 0.75% and 1.375%, payable semi-annually in arrear on 18 April and 18 October of each year (or on the following business day if that day is not a business day), beginning on 18 April 2018 (the first payment will be calculated on a prorata temporis basis).

The Bonds will be issued at par on 18 October 2017, the settlement and delivery date, and will mature and be redeemed at par on 18 October 2022 (or on the following business day if that day is not a business day).

The Bonds give right to the issuance of new shares and/or the delivery of existing shares at any time from the issue date until the 25th trading day (exclusive) before 18 October 2022.

¹ The reference share price shall be the volume-weighted average price (VWAP) of the Company's shares quoted on Euronext Paris between the opening and the closing of trading on 11 October 2017

This press release may not be published, forwarded or distributed, directly or indirectly, in the United States, Canada, Australia or Japan.

This press release does not constitute or form a part of any offer or solicitation to purchase or subscribe for securities in the United States or any other jurisdiction. Securities may not be offered or sold in the United States unless they are registered under the U.S. Securities Act of 1933, as amended (the "U.S. Securities Act") or exempt from registration. The securities of FIGEAC AÉRO mentioned herein have not been and are not being registered under the U.S. Securities Act and FIGEAC AÉRO does not intend to make a public offer of its securities in the United States or any other jurisdiction.

Upon exercise of their conversion right, bondholders will receive, at the option of the Company, either:

- if the conversion value is lower than or equal to the par value of the Bond: an amount in cash equal to the product of the conversion value and the number of Bonds for which the conversion right has been exercised; or
- if the conversion value is greater than the par value of the Bond: either an amount in cash, or a combination of cash and new and/or existing shares, where the cash amount is calculated on the basis of a percentage of the conversion value freely determined by the Company.

Upon exercise of the conversion right, the Company retains in any case the option to deliver new and/or existing shares only.

The conversion value will be equal to the product of the conversion ratio (initially set at one share per Bond, subject to future adjustments) and the average of daily volume weighted average trading prices of the Company's share over a specified period.

The Bonds may be redeemed earlier under certain conditions. In particular, the Bonds may be redeemed earlier at the Company's option from 18 November 2020 if the arithmetic average of the daily products of the Company's volume weighted average price (the "VWAP") on Euronext Paris and the then prevailing conversion ratio over a specified period exceeds 130% of the nominal value of the Bonds.

For information, the offering would represent a dilution comprised between 11.5% and 12.0% of the Company's current share capital². Final dilution based on the reference share price will be announced with the final terms of the offering, which are expected to be determined later today.

The Bonds will be offered through a private placement. The placement will be conducted in accordance with Article L.411-2 II of the French Monetary and Financial Code (Code monétaire et financier), as per the authorization granted by the Company's extraordinary general meeting held on 29 September 2017 (10th and 11th resolutions), through a private placement in France and outside France, except in the United States, Canada, Australia and Japan.

An application will be made for the Bonds to be admitted to trading on the open market (*Freiverkehr*) of the Frankfurt Stock Exchange.

In the context of the offering, the Company and Mr. Jean-Claude Maillard have undertaken to a lock-up agreement ending 90 calendar days after the settlement and delivery of the Bonds, subject to some customary exceptions and agreement of the Joint Lead-Managers and Joint Bookrunners.
